

**1000 MIGLIA WARM UP USA,
SECOND EDITION WASHINGTON DC AREA,
OCTOBER 23RD-26TH
ONCE AGAIN THE EVENT TAKES PLACE IN THE USA WITH
FANS OF THE FRECCIA ROSSA (RED ARROW) AND
NEWCOMERS IN THE USE OF STOPWATCHES AND
PRESSURE SWITCHES.**

Washington DC, April 27, 2019 - The presentation of the second edition of the 1000 Miglia Warm Up USA was held yesterday at the Italian Embassy in Washington DC. Four days of driving and time-trials with the aim of involving the participants in a compelling sporting experience in the "Spirit of 1000 Miglia": this is the programme that awaits those registered in this event that will take place from Wednesday 23rd to Saturday 26th October, and which is reserved for a maximum of 40 historic cars that meet the eligibility requirements for 1000 Miglia and a limited number of Supercars. Regularity race beginners will be offered the opportunity to add a day of real "Warm Up": Tuesday, 22 October will be a training day dedicated to those who, not knowing much about 1000 Miglia, will have an overview of the rules and activities that characterize the participation in the most beautiful race in the world.

Over the four days, the participating cars will travel over 800 miles through some of the most evocative and iconic areas of Virginia, Pennsylvania and Maryland to then reach the heart of Washington DC: thanks to the exquisite hospitality of the Italian Ambassador to the United States, Armando Varricchio, the event will end on Italian soil with the award ceremony hosted in the prestigious Residenza Villa Firenze in Rock Creek Park.

*«Last October 1000 Miglia launched the first edition of Warm Up USA. Then - **said the Ambassador, together with President Gussalli Beretta** - we started a journey. Today we consolidate this tradition that is part of the sporting and cultural fabric of Italy that for centuries has made beauty, style, creativity and passion for life one of its characteristic traits. I am sure that the 2019 edition will be as successful as the 2018 edition and will contribute to consolidating a prestigious image of our country in the USA».*

*«The international development of our brand - declared **Franco Gussalli Beretta, President of 1000 Miglia Srl** - must involve the United States, one of the first and most important countries in the world for the presence of cars of great historical value and it is a great honour, for 1000 Miglia and for me, to be here alongside Ambassador Varricchio confirming the inseparable bond between 1000 Miglia and Italy and to present the second edition of 1000 Miglia Warm Up USA. We look forward to involving the participating crews, the fans and enthusiasts in a week of training and getting to know all the rules, the particulars and the emotions that they can experience when they participate in 1000 Miglia that takes place every year in Italy in May. Finally, I would like to thank Chopard and Alfa Romeo, who have been by our side for many years and who have chosen to support us in this project as well».*
