In the case of withdrawal of a competitor along the route of the various Legs, the device will be returned to the Competitor Relations Officers or to the persons responsible for this in the Technical Support Convoy (Technical Car and Pace Car).

8.6 OBLIGATIONS OF COMPETITORS

Throughout the event, drivers must drive prudently and carefully, scrupulously respect the Italian Road Traffic Law and instructions given by the Clerk of the course and by Officials.

The Officials - those in Charge (Article 2 of these SR) positioned in the Technical Support convoy (teams in the Front Car, Pace Car and Technical Car), Road Traffic Police Officers will notify violations and offences of the Regulations, and the Instructions stated above.

In the case of infringements, the Clerk of the course will notify the Stewards who will apply the following penalties:

- first offence: 1.000 negative penalty points;
- second offence: 12.000 negative penalty points;

Depending on the seriousness of the offence, the Stewards will apply the penalties up to exclusion from the event, even after only one offence.

In each Leg, the CoC can undertake speed checks on all the cars in the race.

The Organiser reserves the right not to accept cars whose drivers have been penalised in previous editions of the 1000 Miglia event.

The organizer also reserves the right not to accept the entry of drivers who for three times during the previous year's race have committed infractions of exceeding the speed limit established by the authorities in charge and detected by the Speed Test prepared by the CoC.

The Officials along the route as well as all the cars in the Technical Support convoy (Article 2 of these SR, teams in the Front Car, Pace Car and Technical Car) and Road Traffic Police Officers will also be responsible for supervising the conduct of the competitors and their service and team vehicles, notifying the Clerk of the course of any offence but without taking any independent decisions.

Also, Road Traffic Police Officers and local Police Members in the relative areas can notify the CoC of any offences by competitors and their service and team vehicles.

Driving behaviour should always be prudent for oneself, for Officials, and especially for spectators.

Each competitor is always responsible also for the behaviour of their service and team vehicles, which must necessarily strictly observe the instructions given by Officials and Marshals and must follow the route envisaged in the Road book in some parts of the competition route. Failure to comply with this provision will result in sanctions against the relevant competitor, and may even lead to expulsion from the race, at the Stewards' discretion.

8.7 CHECKING OF PERSONAL IDENTIFICATION DEVICE (CPI)

For the entire duration of the event, the Officials on duty can ask the drivers to see their CPI (see Article 8.1.2 of these SR). Drivers that cannot show their stickers could be expelled from the competition by the Stewards.

Article 9 - RUNNING OF THE COMPETITION

9.1 START

The cars will leave one at a time, from a stationary position with the engine running, three cars departing every minute. Each car, once they have been given the “go”, will have to free the Departure area as quickly as possible.

Under the control of Officials, departure may take place by pushing the car, if it fails to leave on its own.

Competitors must not stop the competition car in the control areas (between the areas signalling the Start and End areas), exception being made for the check areas where the authorisation stamp will be printed by the Officials, reversing, changing direction, opening doors and in any way hindering the other teams will lead to the application of the penalty as stated in Article 11 of these SR.

The teams that do not make the CO/TC 1 Brescia - Departure Leg 1, will be penalized as specified in Article 11 of these SR for each missed transit check. Transit at CO/TC of the Leg 2 - Departure will still be mandatory, under penalty of exclusion.

Drivers must keep to the Official Times stated in the Itinerary Table. No restrictions will be imposed on them as regards the use of time recording equipment. The same may be synchronized with the clock placed at the start of each Leg, without direct connection to the said clock.

Any defect in detection of times, caused by any failure or malfunction of the equipment, will result, for the said checks, in the application of the average to each competitor and/or the annulment of the checks themselves for all competitors.

The organisers will state in the Road book, this will also be indicated on site, a straight stretch of road with measurements, used as the measured base in the preparation of the Road book, and competitors can verify this before the race.

9.2 TIME CONTROLS (CO/TC)

The purpose of the Time Control (CO/TC) is to outline the areas in which the route of the competition is divided, in order to regulate the conduct of the same and to make sure the average speed is respected.

Each competitor (even when 3 cars a minute have been planned for) must be measured on the minute (e.g. for transit time 14:01 it will be possible to transit without penalty from 14:01:00 to 14:01:59).

The excesses as regards the ideal times established will determine the classification.

Penalties for delays and early arrivals at a CO/TC are those stated in Article 11.1.1 of these SR.

Delays and early arrivals at a CO/TC must not be caught up in the next CO/TC. Teams must leave the “check area” free for transit. They are authorised to enter this area on board their car, in the minute preceding the ideal one for transit, and remain in the area for the time strictly necessary to record the transit time.

When the time is being read, the car must be inside the time reading area.

During reading operations, at least one member of the team must be on board the competition car.

The time used for the reading operation is not neutralised in any way. The reading is taken at the moment in which one member of the team hands over the Time Card to the Time-keeper.

In the case where competition cars that are late or in advance of their ideal times transit through the CO/TC in the minute pertaining to cars on time, the Time-keeper will make a note, on the Time Card of the team that is late or in advance, of the real transit time, which corresponds to the start of the next sector, giving precedence, in the marking operations, to the team with the less delay on the ideal transit time.

All the CO/TCs will be appropriately marked with signs in compliance with the examples attached to these SR (Appendix 6).

Vehicles transiting through an OC/TC in the opposite direction or a direction other than the one decided by the organiser will be excluded from the race.

9.3 TIME TRIALS (PC/TT)

Time Trials (PC/TT) are those timed areas of the route, between two consecutive readings where the drivers must keep to a set time indicated in the Itinerary Table and in the Time Card.

Readings will be done at 1/100th of a second without any tolerance. Differences in the ideal time will, as for the differences read at CO/TC, be used in determining the classification.

PC/TT will be undertaken with departure read at free entrance; the driver will be able to choose freely the start of the PC, nonetheless within approx. 5 seconds from the “all clear” given by the Marshals and/or the Timekeeper in charge.

Various consecutive PC/TTs will be envisaged (interconnected), where the time for passing to the final reading of the previous PC/TT will be the start time of the next PC/TT, and so forth.

For PC/TT located in equipped areas or temporary circuits, competition tracks, kart-racing tracks, and for PC/TTs with lengths less than 300m, an appropriate map will be attached with the Road Book.

All PC/TTs will be properly marked both at the start and at the end, with signs in compliance with the examples attached to these SR (Appendix 6).

In the area of the route between the yellow sign and the beige sign showing the start and end of the measuring area, cars are not allowed to park, stop or open the doors. Should any cars stop in this measuring area due to a breakdown, they must be immediately removed according to the instructions given by the competition official, on penalty of exclusion. Furthermore, unauthorised access by drivers and navigators is also forbidden.

Vehicles transiting through a PC/TC area in the opposite direction than the one decided by the organiser will be excluded from the race.

In the case of absence of a reading by a competitor, or even the absence of a result by one or more PC/TT, irrespective of the reason for this, the competitor will always be assigned a time relating to the missing PC/TT as resulting from the average PC/TT actually clocked by the said competitor in the Laps where the PC/TT are missing. The request will be made at the end of the Lap under consideration.

9.4 AVERAGE TRIALS (PM/AT)

Average Trials (PM/AT) are those areas of the route within a sector, where drivers must keep to a set hourly average, stated in the Itinerary Table and the Time Card.

For each PM / AT, for the purposes of classification of the trial, all the detections carried out be considered, then proceeding to the calculation of the average penalty.

The Road book will state the start area and the place of the maximum real limit of end of the PM/AT.

In the area from the start to the end of the PM/AT, the average is taken at one or more points not known to the driver.

The Itinerary Plan will state the number of readings envisaged for each PM/AT. Every Average Trial could plan up to 5 readings.

The passage time is read in front of the timekeeper, in seconds, manually, with writing equipment.

9.4.1 START OF AVERAGE TRIALS

- the start time of the PM/AT is free and coincides with the passage on the pressure gauge on the start line;
- the transit time on the pressure gauge will be lapped manually by the Time-keepers assigned for the purpose, will measured to the second lapsed.

9.5 PASSAGE CONTROLS (CT/PC)

The purpose of the Passage Controls (CT/PC) is to check the strict adherence to the established route.

The opening and closing times of the CT/PC will be notified by the Clerk of the course Bulletin. At the CT/PCs, drivers must stop the cars in order for the check stamp or “all clear” stamp to be printed in the relative area of the Time Card. The absence of this stamp will mean exclusion.

All the CT/PC areas will be properly marked with signs in compliance with the examples attached to these SR (Appendix 6).

Vehicles transiting through a CT/PC area in the opposite direction or one other than the one decided by the Organiser will be excluded from the race.

9.6 ARRIVAL

Arrival check will be in Brescia – Piazzale Iveco and will be open from 15:30 on **Sunday 25 October** 2020.

After the arrival CO/TC, competitors will proceed following the instructions given by Marshals, to the arrival ramp.

Article 10 - MAXIMUM LATENESS

A crew will be over the maximum lateness:

- if it transits through a Time Control (CO/TC) with more than 30 minutes delay.
- if it accumulates delays through various Time Controls totalling more than 60 minutes delay.

Only at the starting CO/TC of each Leg will a crew be considered over the maximum time limit if they transit with more than 15 minutes of delay.

The opening and closing times of the Time Trials (PC/TT), the Average Trials (PM / AT) and of the Print Checks (CT /CP) will be notified through a Clerk of the course Bulletin.

- a) overall classification;
- b) group classification;
- c) special classifications:
 - c1) by penalties;
 - c2) female crews (all members);
 - c3) for countries with at least 10 departing crews, compiled considering the sum of the 3 best individual results taken from the general Classification;

- C5) "Sponsor Team" compiled by adding the individual scores of the Overall Classification obtained from the best 3 crews belonging to each Sponsor Team.
- C6) "Guest Car"

12.2 COMPILATION AND PUBLICATION OF RESULTS

Classifications will be drafted on the basis of points scored by each crew in the PC/TT, in the PM/AT, the CO/TC and calculated according to the "points table" (Appendixes 8 and 9) and the coefficient assigned to each car (Appendix 7), deducting any possible negative penalty points.

"Differences" are not provided for.

The crew that receives the highest number of points will be declared the winner.

In case of a tie in the final classification, the winning position will be awarded to the crew/crews that has/have accumulated the least number of penalties, not points, during the race.

Those crews that do not transit or do not hand in the Time Card to the final arrival point, (the arrival of Leg 4), will not be classified.

The results will be published as per the Programme.

12.3 PROTESTS AND APPEALS

Protests and appeals must be submitted in the manner and within the terms established by the National Sporting Regulations.

- For each protest, the security deposit is € 350,00.

- to recognize and accept the provisions of the National Sporting Regulations (and Sector Rules) and the present SR, committing themselves to respect and to enforce them;
- to undertake to resolve any controversy which may arise from the Organisation and the conduct of the event by means of the mechanisms and methods of resolution provided for by ACI, waiving any other authority other than sport authorities for the protection of their rights and interests and those of their drivers, navigators, employees and agents;
- to relieve the Italian Automobile Club, the ACI Sport, the ACI Brescia, the Organiser 1000 Miglia S.r.l. and all persons involved in the organisation, as well as the Automobile Clubs involved in the event, the Officials and the owners of the routes where the competition takes place from any liability regarding any damages to competitors, or their drivers, navigators, employees and agents, or things, or produced or caused to third parties or of objects by the competitor himself, his drivers, navigators, employees and agents.

14.2 ADVERTISING

No form of advertisement may be placed on the car, unless this is expressly provided for by the organiser, which will be announced by a special information bulletin, in compliance with the provisions of current ACI Sport legislation.

Competitors whose cars were entered by the Sponsor in the "Sponsor Team": "World", "Trophy", "Gold", "Main", "Passion", can exhibit on the sides of their cars, a logo or wording having maximum dimensions of 10 x 20 cm or similar. The accepted logo or wording can echo the commercial Trademark of the sponsor and can appear on competition cars belonging to each mentioned "Sponsor Team".

The number of authorised competition cars for each Sponsor, will be determined by the agreements signed between the Organiser and the Sponsor itself.

To obtain the Organiser's authorisation, each interested Sponsor must submit the planned artwork and state which motor cars will be part of his "Sponsor Team" sending his request within and no later than Thursday 10 September 2020, to the following address: participants@1000miglia.it

The names of the crewmembers can be written on each of the sides of the competition cars in the maximum dimension of 10 x 40 cm per side.

A Club logo, not having advertising purpose (all or part thereof), can appear on each side of competition cars occupying a maximum space of 10 x 10 cm, per side or equivalent surface.

The original livery is tolerated as regards identification badges, even if they constitute advertising, limited however to what was originally used for that specific vehicle identified with the chassis number.

Any form of advertising that does not correspond to what is stated in this article will be removed by the Organiser and/or by Officials who will carry out checks before and during the race.

The breach of the provisions of this article will be sanctioned with 12,000 negative penalty points. Those crews that will be found non-compliant with the provisions set forth above will be denied participation in future editions of the event. The organiser reserves the right to charge the offending crew with damages resulting from the contravention of this Article.

The participants therefore agree to assume the obligation to pay compensation for all damages suffered by the organiser and third parties in general, relieving the same from any liability, for any and all liability and/or damages resulting from the violation of the abovementioned prohibition.

14.3 COMPETITION NUMBER PLATES

All the competition numbers (plates) handed over by the Organiser to the competitor must be attached to the competition cars. The discovery of one of the delivered competition number plates on a car other than the competition car, will lead to a penalty that could result in the immediate exclusion of the same competition car from the competition.

Article 15 - INSURANCE

The Organizer adheres to the current sporting insurance policy: the 1000 Miglia 2020 competition is covered by the CL Insurance Policy provided for in Article 56 of the RNS ACI Sport.

In this context, he confirms that he is fully aware that the CL policy, as mentioned in Article 56 of the RSN, complies with the regulations provided for in Article 124 of the insurance code, with minimum legal requirements, integrated by the organiser of 1000 Miglia S.r.l. up to the following limit of liability by type of risk:

This policy does not relieve the Competitors and drivers from any liability they could incur beyond the object of the insurance and additional general and special policy conditions as published on the federal site and nonetheless requested from the Insurance Company.

The liability insurance of the Organisers will be operational, for each competitor, from the moment of completion of its administrative checks and will cease upon arrival or at the time of closing of the Time Control subsequent to that in which the competitor has withdrawn.
