

THE SELECTION PHASE HAS ENDED AND THE LIST OF CARS ELIGIBLE FOR THE FORTIETH EDITION OF THE RACE, SCHEDULED FROM 15 TO 18 JUNE, IS NOW AVAILABLE

Brescia, 23 March 2022

The list of cars accepted for 1000 Miglia 2022, chosen by the Selecting Commission from the over 600 applications received from 31 countries in addition to Italy, can now be consulted on the website www.1000miglia.it.

There will be **415** cars, 11 of which in the Military category. The cars will start on 15 June from Brescia, with dozens of cars on the waiting list, which will replace them in the event of a forfeit of the accepted cars.

Significant increase (+ 25%) in registrations for the Registro 1000 Miglia, an essential requirement and a guarantee of the highest level of authenticity of the cars in the race, from the 1000 Miglia 2021 until today.

Following the historic route from Brescia to Rome and back, further leg finishes are scheduled in Cervia Milano Marittima, with dinner during the race in Ferrara, and Parma. Passignano sul Lago Trasimeno, Piazza del Campo in Siena and the Autodromo Nazionale di Monza will host lunches on race days.

1000 Miglia Green, the race for alternative fuel cars, has been confirmed. This, as always, is preceded by **Green Talk**, the debate that focuses on the theme of sustainable mobility and the paradigm changes of Industry 4.0.

The cars entered in the **Ferrari Tribute**, built after 1957, will precede the convoy of historic cars, while the Supercars of **SOC**, Supercar Owners Circle, will take part in the **1000 Miglia Experience Italia 2022**.

There will be numerous events in 2022 for 1000 Miglia: after the **Coppa delle Alpi** held in March in the Alpine territories of Italy, Switzerland and Austria, the zero edition of the **Roads by 1000 Miglia**

format will take place: an event from 7 to 10 April in the unrivalled panorama of the Gulf of Sorrento to bring the charm of the Red Arrow to places that cannot be included in the 1000 Miglia route.

On 29 April, the first edition of **Warm Up Switzerland** will be held, two days to discover and delve into the secrets of regularity racing in the scenery of Lake Lugano.

The third edition of **1000 Miglia Warm Up USA**, scheduled for October in the vicinity of the capital Washington D.C., and **1000 Miglia Experience UAE**, which will travel through the United Arab Emirates at the beginning of December, will offer the opportunity to participate in 1000 Miglia-style training and competition days in exclusive settings.
