PLACES

MIDDLEBURG TOWN **LOUDOUN COUNTY, VIRGINIA**

Middleburg, Virginia, is a charming Southern destination known as the nation's horse and hunt capital. Set against the backdrop of the Blue Ridge Mountains, Middleburg offers the best of small-town America: local art, historic landmarks, fine cuisine and one-of-a-kind boutiques.

A place where you can enjoy world-class equestrian competitions, award-winning local wines and nationally recognized community events.

SALAMANDER RESORT & SPA **MIDDLEBURG, VIRGINIA**

Since opening its doors in 2013, the Salamander Resort & Spa has attracted travelers from around the world and last year was one of only three properties in the United States to be recognized by Forbes Travel Guide for both its accommodations and spa in the World's Most Luxurious Hotels and Spas category. Located on 340 picturesque acres in the town of Middleburg, the resort is only 35 minutes from Washington Dulles International Airport.

CREIGHTON FARMS **ALDIE, VIRGINIA**

CREIGHTON FARMS – ALDIE, VIRGINIA

Located near the historic towns of Leesburg and Middleburg, Creighton Farms is an upscale residential complex with all the amenities anyone could want, overlooking one of the premier golf courses on the East Coast, designed by Jack Nicklaus. Located an hour away from Washington, this magical place, surrounded by captivating scenery and rich history, will host dinner on Thursday, the 20th, and will be the venue for breakfast on Saturday, the 22nd.

SUMMIT POINT MOTORSPORT PARK WEST VIRGINIA

Summit Point Motorsports Park will host, in addition to the regularity race training day, part of the time trials to be held on the following days, as per the pending schedule.

Opened in 1969, the track celebrates its 50th anniversary this year and, for many, many years, was the site of both SCCA (Sports Car Club of America) and IMSA races. Since the 1980s, the facility has been used extensively as a training ground for federal government agencies, and in 1996 and 2004, two additional road courses, Jefferson and Shenandoah, were added to the property. The annual Jefferson 500 race is one of the most popular events on the circuit, which today attracts competitions of the magnitude of more than 200 vintage race cars.

CONGRESSIONAL COUNTRY CLUB **BETHESDA, MARYLAND**

A famous club where members of Congress meet with businessmen, the Congressional Country Club opened in 1924 and, home to three U.S. Opens, has hosted the world's greatest golfing champions on the course. Past members include U.S. Presidents Taft, Wilson, Harding, Coolidge and Hoover, as well as countless politicians, lobbyists and major industrialists. It has been voted the best country club in the United States and is listed among the 25 most prestigious clubs in the world.

EMBASSY OF ITALY IN WASHINGTON, D.C.

ARRIVAL ON ITALIAN SOIL

Built in 2000, the building stands in one of Washington's most important urban areas, the so-called Embassy Row, where many other foreign embassies and diplomatic residences are located.

The design is inspired by the floor plan of Washington, created in the late 18th century: in fact, the building's quadrangular plan reflects the original 100-square-mile plan that was envisioned for the U.S. capital, and just as the Potomac River divided the original area of the District of Columbia between Virginia and Maryland, the Italian Chancery is crossed by a diagonal gap that divides it into two equal parts.
