FACCHINI-OLIVETTI ON BMW 328 FROM 1938 WIN SORRENTO ROADS BY 1000 MIGLIA 2023

Alfonso Facchini and Luigia Olivetti win the second edition of **Sorrento Roads by 1000 Miglia**, securing the guarantee of admission to the **Coppa delle Alpi 2024** and two **Chopard** watches **1000 Miglia Chronograph Sorrento Roads Edition**.

Guarantee of admission to the next winter race by 1000 Miglia also to Giuseppe Nobis e Paola Mambrini, who were victorious in the **1 vs 1 challenges** of the **Trofeo Città di Sorrento** in a 1960 Porsche 356 B 1600.

The couple Nobis-Mambrini was also awarded with the **Trofeo Cento Anni dell'Aeronautica Militare**, as winning crew in the block of Time Trials at the **Royal Palace of Caserta**.

The popular jury's favourite cars were the 1950 Jaguar XK 120 Roadster and the 1950 Glicò Fiat 1100 Brachetta Fontana among the historic cars; the Ferrari 488 GTB from 2017 and the 2019 Ferrari Portofino were chosen among the modern cars.

In addition to a **regularity race** that took place on Friday 31 March and culminated with the Trophy dedicated to the city, **Sorrento Roads** was also an opportunity to discover the **natural, gastronomic, artistic and historical-cultural excellence** of the **Sorrento peninsula**, of the **Gulf of Naples**, of **Caserta**, of the Campania hinterland with the **Monti Lattari**, and the famous **Amalfi Coast**, which needs no introduction. Only the **Roads by 1000 Miglia** format could provide the experience of admiring all this during a race from the interior of a design jewel.

"We are happy to be back in Sorrento," says Alberto Piantoni, CEO of 1000 Miglia, "and to have been able to propose for the second year running an experience with an all-Italian flavour that allowed participants to race in places full of beauty, warmth and hospitality."

"We have brought a little bit of the 1000 Miglia away from the places usually visited by our Red Arrow," emphasises 1000 Miglia President Beatrice Saottini, "I would like to thank the participants who flocked here in great numbers, the Partners and the town of Sorrento, without whom it would not have been possible to realise a unique format that we value so much."
