Since its inception in 1927, the 1000 Miglia has been synonymous with innovation and a vocation for progress, bringing to Italian roads cutting-edge cars that have made audiences all over the world dream. Today, the 1000 Miglia offers lucky owners of exclusive cars, unique works of design and technology, the chance to test themselves with timers and tubes distributed along the Brescia-Rome-Brescia route and be among the protagonists of the Most Beautiful Race in the World on a par with the cars that have made the history of the Red Arrow.

1000 Miglia Experience 2024: a parade of the most spectacular Supercars and Hypercars (produced from 1991 to the present day) alongside the most prestigious classic cars (produced from 1958 to 1990). A maximum of **20 cars** in total driving through landscapes of excellence with a high level of hospitality and overall quality of the event.
